

To the Judges of the Court of Quarter Sessions of the Peace of the County of Cambria

The Petition of the Subscribers respectfully Sheweth: That they labor under great inconvenience for the want of a Public road or highway to lead from a point on the Indiana County line where the Blacklick furnace road ends, to where the old State road intersects the Pringle road, near William Shumanns in Jackson township in Cambria County Penna

They therefore pray the Court to appoint persons duly qualified to view the ground proposed for said road and to lay out the same according to law
