

To the Honorable, the Judge of the Court of Quarter Sessions of Cambria County Pa.,

The petition of the Commissioners of Cambria County respectfully represents: That it having appeared to the Court, to the Grand Jury and the Commissioners of said County, that a bridge over the Susquehanna River, at a point where the public road crosses said stream near Lamm's mill in the township of Susquehanna, in said County was necessary, and that it would be too expensive for the said township to erect the same, and the same having been entered of record, your petitioners procured an estimate to be made as nearly as might be, of the expenses of the same, amounting to the sum of seven hundred and ninety five dollars, and proceeded to have such bridge erected, by entering into a contract with The Pittsburgh Bridge Company for the building of the same; and that the same is now completed.

Your petitioners therefore pray the Court to appoint six fit persons to inspect said bridge, and the workmanship thereof, according to law, and to make report to the Court.
