

To the Honorable the Judge of the Court of Quorum
Sessions.

We the undersigned of the persons appointed
by the Court to view the place proposed for
the Bridge in the written order mentioned
respectfully report, that having been present
each with the other, at the view of the place
proposed for the written mentioned, and having
all first been severally sworn or affirmed
in pursuance of said order, we have under
the premises afore said and are of the opinion
that a bridge over the Coromantyn River at the
place where the 5th Avenue crosses the said
River is necessary, and that the erecting of
such a bridge would be attended with more
expense than it is reasonable the said
Boroughs should bear.

NOTE.—It shall be the duty of all persons appointed in the several counties of this Commonwealth to view and review any public or private road or bridge, if they shall decide in favor of locating said road or bridge, to endeavor to procure from the persons over whose land such location may be made releases from all claims for damages that might arise from the opening of such road or the building of such bridge; and in every case where said viewers shall fail to procure such releases, and it shall appear to them that any damages will be sustained, it shall be their duty to assess the damages and make report thereof signed by a majority of their number, and return the same, together with all releases obtained, to the Court of Quarter Sessions, and the damages so assessed shall be conclusive, or may be subject to appeal, review or modification, as may be provided by existing laws in the different counties of this Commonwealth.

"The persons appointed as aforesaid shall view such ground, and if they shall agree that there is occasion for a road, they shall proceed to lay out the same, having respect to the shortest distance, and the best ground for a road, and in such manner as shall do the least injury to private property, and also be, as far as practicable, agreeable to the desire of the petitioners."

"The viewers, as aforesaid, shall make report, at the next term of said Court, and in the said report shall state particularly: first, who of them were present at the view; second, whether they were severally sworn or affirmed; third, whether the road desired be necessary for a public or private road; they shall also annex and return to the Court a plot or draft thereof, stating the courses and distances, and noting briefly the improvements through which it may pass; and, whenever practicable, the viewers shall lay out the said roads at an elevation not exceeding five degrees (except at the crossing of ravines and streams), where, by moderate filling and bridging, the declination of the road may be preserved within that limit."

Out of Court (1890)

Now Dec 6th 1890. The Grand Jury approve the report of the viewers, and recommend such appropriation from the County as the County Commissioners deem in their judgment should be extended and the balance of costs of the Bridge to be borne by the Boroughs of Cumbria and Millville in equal proportions.

To the Honourable the Judges of the Court of Quarter
Sessions of the Peace in and for the County of Cambridge.
The petition of the undersigned inhabitants of
the Boroughs of Cambridge and Millmill respectfully
sheweth that a bridge is much wanted
over the Conemough River at 5th Avenue
Cambridge Borough to Corneel Avenue and
Keely Street in the Borough of Millmill
and that the expense of erecting said bridge
would be too heavy and burdensome upon
the inhabitants of said Boroughs. Your
petitioners therefore pray your Honor to
appoint proper persons to view the premises
and to take such order on the subject
as is required and directed by the Act
of the General Assembly in such cases
made and provided and they will
ever pray &c.
