CLERK DAVIS for Atty 90 CTS.

NOTE.—It shall be the duty of all persons appointed in the several counties of this Commonwealth to view and review any public or private road or bridge, if they shall decide in favor of locating said road or bridge, to endeavor to procure from the person or persons over whose land such location may be made releases from all claims for damages that might arise from the opening of such road or the building of such bridge; and in every case where said viewers shall fail to procure such releases, and it shall appear to them that any damages will be sustained, it shall be their duty to assess the damages and make report thereof signed by a majority of their number, and return the same, together with all releases obtained, to the Court of Quarter Sessions, and the damages so assessed shall be conclusive, or may be subject to appeal, review or modification, as may be provided by existing laws in the different counties of this Commonwealth.

"The persons appointed as assessors shall view such ground, and if they shall agree that there is occasion for a road, they shall proceed to lay out the same, having respect to the shortest distance, and the best ground for a road, and in such manner as shall do the least injury to private property, and also be, as far as practicable, agreeable to the desire of the petitioners."

"The viewers, as aforesaid, shall make report, at the next term of said Court, and in the said report shall state particularly: first, who of them were present at the view; second, whether they were severally sworn or affirmed; third, whether the road desired be necessary for a public or private road; they shall also annex and return to the Court a plot or draft thereof, stating the courses and distances, and noting briefly the improvements through which it may pass; and, whenever practicable, the viewers shall lay out the said roads at an elevation not exceeding five degrees (except at the crossing of ravines and streams,) where, by moderate filling and bridging, the declination of the road may be preserved within that limit."

To the Honorable Francis J. O'Connor, President
Judge of the several Courts of Cambria County.

The petition of the Commissioners of Cambria County
respectfully represents:

That it having appeared to the Court & to the Grand
Jury and the Commissioners of said County that the Bridge
over the Susquehanna River, on North 1st Street, Slaughter
Borough, in said County, was necessary, & that it would
be too expensive for the Borough of Slaughter to erect
said bridge, and the same having been erected & entered of
record, your petitioners procured an estimate to be made
as fully as might be of the expense of the same, and did
proceed to have the bridge erected, by entering into a con-
tract with J. A. Shrewmaker, for the erection of the
substructure & with the King Bridge Company
for the construction of the superstructure & that
the said bridge is now completed.

Your petitioners therefore pray the Court to appoint
six fit persons to inspect said bridge & workman-
ship thereof agreeably to the Act of Assembly & to
make report to the Court.
