

To the Honorable F.J.O'Connor, president judge of the court of Quarter Sessions of Cambria County.

The petition of the subscribers, inhabitants of the township of Lower Yoder, in the county of Cambria, respectfully represents, that the bridge in said township on Elk Run Road, situated at W.H.Hahn's slaughtery and ice-house is in a bad state of repair and should either be repaired or a new bridge erected in its place; that the exepnse of repairing said bridge or of erecting a new bridge at said point would be unreasonably great for said township to bear, and your petitioners therefore pray your honor to appoint proper persons to view the same as required by law to the end that the same may be made a county bridge.

And they will ever pray, etc.

NOTE. "It shall be the duty of all persons appointed in the several counties of this Commonwealth to view and review any public or private road or bridge, if they shall decide in favor of locating said road or bridge, to endeavor to procure from the person or persons over whose land such location may be made releases from all claims for damages that might arise from the opening of such road or the building of such bridge; and in every case where said viewers shall fail to procure such releases, and it shall appear to them that any damages will be sustained, it shall be their duty to assess the damages and make report thereof signed by a majority of their number, and return the same, together with all releases obtained, to the Court of Quarter Sessions, and the damages so assessed shall be conclusive, or may be subject to appeal, review or modification, as may be provided by existing laws in the different counties of this Commonwealth."

"The persons appointed as aforesaid shall view such ground, and if they shall agree that there is occasion for a road, they shall proceed to lay out the same, having respect to the shortest distance, and the best ground for a road, and in such manner as shall do the least injury to private property, and also be, as far as practicable, agreeable to the desire of the petitioners."

"The viewers, as aforesaid, shall make report at the next term of said Court, and in the said report shall state particularly: First, who of them were present at the view, second, whether they were severally sworn or affirmed; third, whether the road desired be necessary for a public or private road; they shall also annex and return to the Court a plot or draft thereof, stating the courses and distances, and noting briefly the improvements through which it may pass; and, whenever practicable, the viewers shall lay out the said roads at an elevation not exceeding five degrees (except at the crossing of ravines and streams), where, by moderate filling and bridging, the declination of the road may be preserved within that limit."

NO. 1 Dec. SESSION, 1902

Order to View Bridge on Elk
Run Road in Lower Yoder Twp.

Filed H. March 1912 m
Open Court

By Peter Counsel

Now March 6, 1913 the above recommendation is hereby concurred in and approved.

R E P O R T O F V I E W E R S

To the Honorable Marlin Bingham Stephens, President
Judge of the Court of Quarter Sessions of Cambria County, Pa.

We, the undersigned members of the Board of Viewers,
appointed by your Honorable Court as shown by the annexed
order respectfully report:

That in pursuance of our said appointment, after having
given due public notice of the view and of the time and
place of meeting of the viewers by serving notice on the
County Commissioners, on the Supervisors of the Township of
Lower Yoder and to the public, by printed hand bills posted
in public and conspicuous places at and near the site of the
view; we, P. F. Campbell and A.M. Shoemaker, met in accordance
with the notice given and having been first duly qualified
according to law to perform the duties of our appointment
faithfully and to the best of our ability; we viewed the
premises and are of opinion that a bridge over Elk Run, where
the same is crossed by the Township Road, near W. H. Hahan's
slaughter house and ice house in Lower Yoder Township, Cam-
bria County, Pennsylvania, is badly in need of repairs and that
the burden of making the needed repairs are greater than the
Taxpayers of the Township should be required to bear and accord-
ingly we recommend that, the location of the bridge being such
as is necessary for the convenience and accomodation of so
many of the citizens of that section of Cambria County, the ex-
pense of repairing the same be borne by the County.

And further report that after careful examination that
the suggested repairs should consist in reconstructing a new

peer or abuttment on the Northerly side of the said bridge four feet farther North than the present abuttment is located and the same to be constructed with a flange or wing twenty feet in length on the Easterly end of the new abuttment, said wing to be constructed at an angle to follow the direction of the bank of the creek at that point and to be of the same highth as the present abuttment, as indicated on the plot or draft hereto attached and made a part of this report.

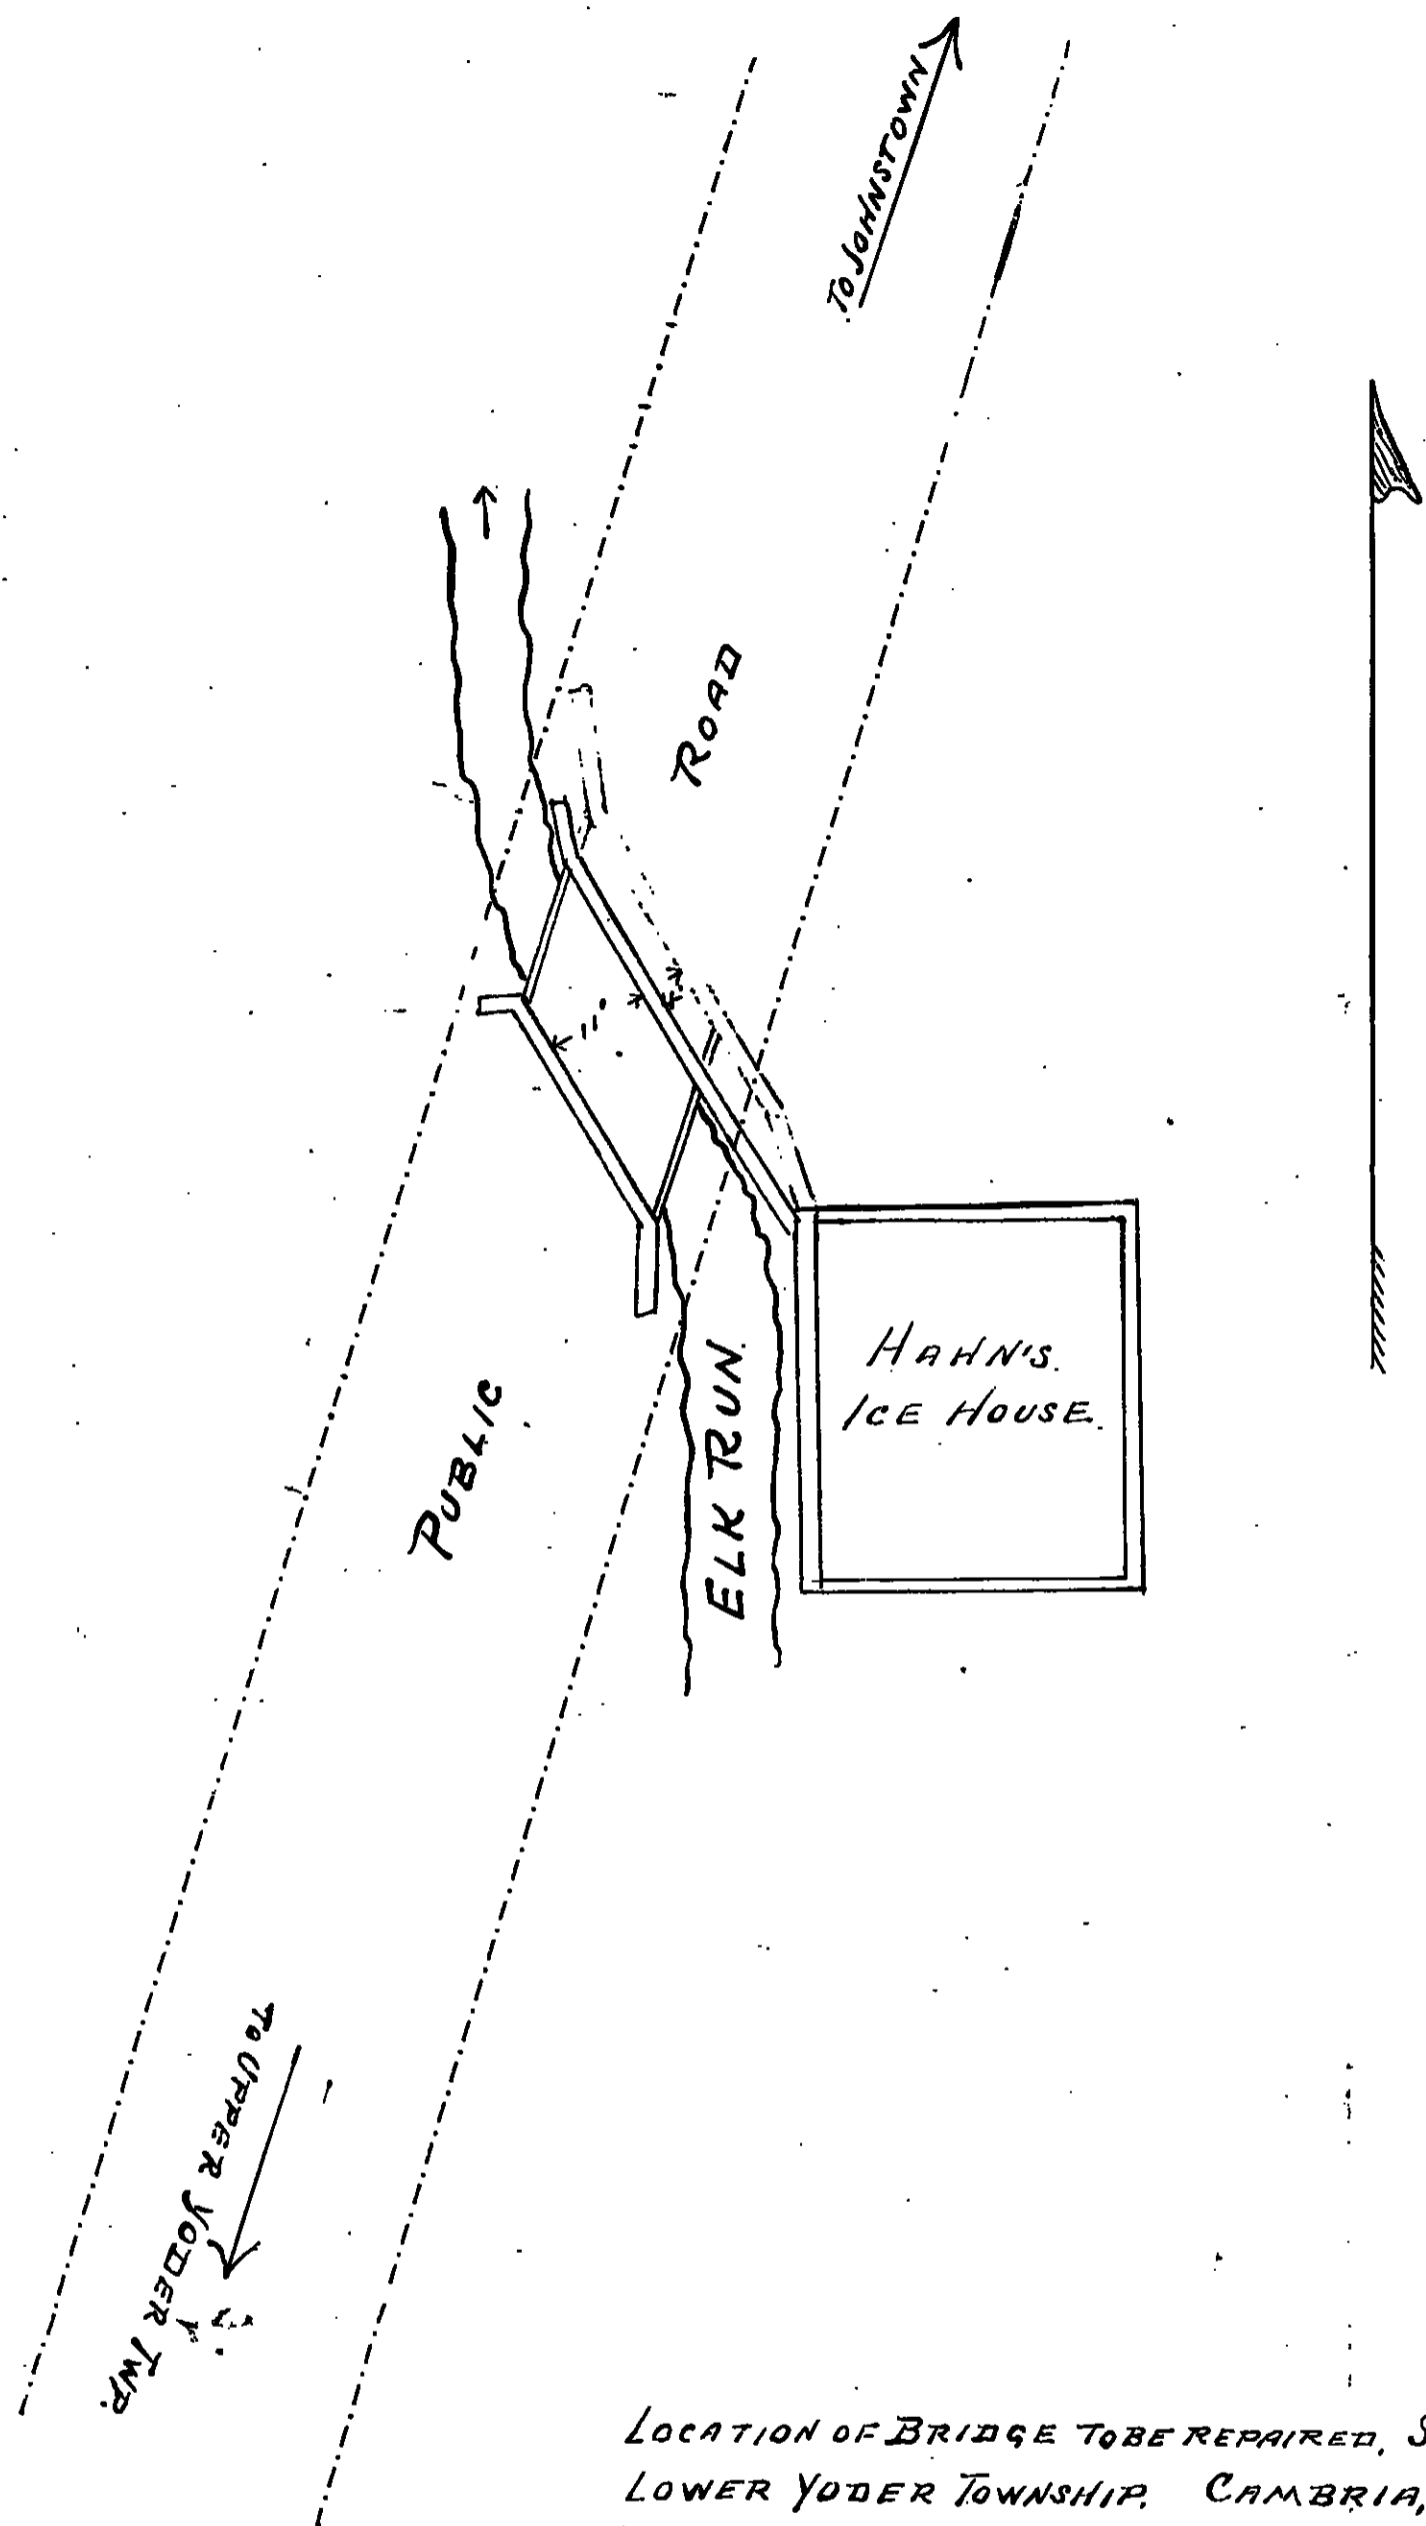

Witness our hands this twelfth day of January A. D. 1912
