NOTE. "It shall be the duty of all persons appointed in the several counties of this Commonwealth to view and review any public or private road or bridge, if they shall decide in favor of locating said road or bridge, to endeavor to procure from the person or persons over whose land such location may be made releases from all claims for damages that might arise from the opening of such road or the building of such bridge; and in every case where said viewers shall fail to procure such releases, and it shall appear to them that any damages will be sustained, it shall be their duty to assess the damages and make report thereof signed by a majority of their number, and return the same, together with all releases obtained, to the Court of Quarter Sessions, and the damages so assessed shall be conclusive, or may be subject to appeal, review or modification, as may be provided by existing laws in the different counties of this Commonwealth."

"The persons appointed as aforesaid shall view such ground, and if they shall agree that there is occasion for a road, they shall proceed to lay out the same, having respect to the shortest distance, and the best ground for a road, and in such manner as shall do the least injury to private property, and also be, as far as practicable, agreeable to the desire of the petitioners."

"The viewers, as aforesaid, shall make report at the next term of said Court, and in the said report shall state particularly: First, who of them were present at the view, second, whether they were severally sworn or affirmed; third, whether the road desired be necessary for a public or private road; they shall also annex and return to the Court a plot or draft thereof, stating the courses and distances, and noting briefly the improvements through which it may pass; and, whenever practicable, the viewers shall lay out the said roads at an elevation not exceeding five degrees (except at the crossing of ravines and streams), where, by moderate filling and bridging, the declination of the road may be preserved within that limit."

REPORT OF VIEWERS.

We, the viewers appointed by the above named Court to view the location and report on the advisability of vacating a certain piece of a former public road beginning at Station 78-28 and extending in an easterly direction a distance of 640 feet to Station 84-39 on State Highway Route #11084, Section I leading from Long's Cross Roads to a public Road leading from St. Augustine to Fallen Timber in said Township, County and State do Respectfully report:-

That we have given proper notice to the public by printed notices posted on the highway near the piece of relocated highway to be vacated and by personal verbal notices to the supervisors of White township and to the Commissioners of Cambria County, said notices being made a part of this report.

That we met as per notices on the date and at the place specified in the notices and walked over the particular piece of roadway petitioned to be vacated and found the judgment of the supervisors that the piece of roadway is no longer of public use, but a potential source of danger to the township. It has been replaced by a shorter and better road and therefore we are unanimously agreed that it should be vacated as requested by the Supervisors of White Township.

Therefore we, The Viewers appointed to attend to this piece of work hereby vacate the piece of road above referred to as being no longer of any use to the public,

Respectfully submitted this
