Report.

We the undersigned appointed to review the road mentioned do report that having been
duly sworn according to law, and due notice of the time and place of meeting having
been given met on the 2^d day of April 1883, reviewed the said road commencing near
Bentall Bridge in Cambria Township and ending near No. 2 School House in Blacklick
Township, the courses and distances given on plot or draft annexed; and find the
same unnecessary and burdensome to the inhabitants of the Townships of Cambria
and Blacklick. There being already Three Township Roads running nearly
parallel within a space of about two miles. Therefore we do not recommend the
opening of that part of said road not already opened for Public Use.

Report of Viewers.

To The Honorable the Judges within named.

The undersigned persons appointed by the
within order of Court to view vacate and supply the road therein mentioned respect-
fully report: That after having given due notice of the view we met near John Otto's
saw mill and after being duly sworn in pursuance of said order we proceeded to
the duties of our appointment and on examining the route proposed to be vacated
we found the greater part of it laid out on ground where the road would be very ex-
pensive to open and keep in repair. In supplying the same we have retained the two
first courses of the old view beginning at a point near John Otto's saw mill in the
public road leading to Lantz's and running thence South 62 $\frac{1}{2}$ degrees East 26 perches
and North 77 degrees East 37 perches through land of John Otto. Thence leaving the old
route and running on land of Francis Yeager along line of Philip Miller South 86 $\frac{1}{2}$
degrees East 130 perches, thence same course on line between C. Kline and N. Haws 47 perches
to a point in the road from Carrolltown to Lantz's mill which road was are of the opin-
ion is necessary for public use. We further report that the citizens present our whose land
the said road passes have released the County of all damages that said road may
cause to them, and we were informed that those who were not present and whom
we could not find will claim no damages. Witness our hands this 8th of Sept. A.D. 1883.

Report of Viewers.

To the Honorable the Judges of the Court of Quarter Sessions of the Peace of Cambria County
The undersigned viewers appointed by your Honors to view vacate and supply the road
mentioned in the annexed order: do report that having been duly sworn according to
law and legal notice of the time and place of meeting having been given, we met ac-
cording to appointment on Monday August 13, 1883. We started at the old pattery and
viewed that portion of the road your petitioners desired to have vacated, and found it
a very expensive piece of road to build, It having been located some thirty years and
never opened on account of the enormous costs of doing it. We then started again at the
pattery and proceeded to supply a road more agreeable to the wishes of the inhabitants,
first running S. 6° E. 956 ft thence S. 65° E. 140 ft thence N. 38° E. 240 ft. thence N. 55° E. 160 ft.
thence N. 73° 30' E. 530 ft. thence S. 28° 30' N. 366 ft. thence South 300 ft, thence S. 1° E. 450 ft, thence
S. 68° 45' E. 620 ft. to the Munster Road, and having found it a much more solid, shorter
and less expensive road to build, we therefore recommended the vacating of the old and
the opening of the new for public use. Witness our hands this 13th day of August A.D. 1883.

We the viewers appointed by your Honors in the annexed order to view
 the site for a bridge over the Susquehanna River near the German meet-
 ing house, where the public road from Carralltown to German Mills, and
 Cherry Tree crosses said River in Susquehanna Twp. met at the appointed
 time and place, and having been duly sworn according to law, proceeded
 to perform the duties of our appointment, we went upon the premises - viewed
 the site for proposed bridge and believe the same to be very necessary for the
 accommodation of the public and further believe it would be too expensive
 for said Township to bear the expense of its erection, and the prayer of the
 petitioners should be granted. Witness our hands this 18th day of Decem-

Cambria County, N.Y.

At a Court of Quarter Sessions held at Ebensburg in and for said County on the Thirtieth day of November A.D. 1883. before the Honorable Judges of the said Court, the petition of sundry Citizens of Carroll Township in said County was presented representing "that a road long since laid out leading from the Ebensburg and Cherry Tree plank road at or near the residence of Andrew Strittmatter in Carroll Township, to the Indiana County line, part of which said road has become burthensome and inconvenient on account of steep hills and high drifts of snow on the said road viz: beginning at or near line of A. Strittmatter and Wm. Luther to said Ebensburg and Cherry Tree Plank Road" and therefore praying the Court to appoint proper persons to view vacate and supply the same according to law. The Court upon due consideration had of the premises did order and appoint Henry Scanlan Joseph Beamer and Charles Cain to view the ground proposed to be vacated and supplied who reported as follows: "We the undersigned viewers appointed by said Court do report that we gave legal and due notice of the time and place of meeting of the viewers by three written notices in three public places adjacent to road mentioned in Order of Court, And we do further report that having met at time and place designated in said notice and after all being first sworn according to law to perform the duties of our appointment with fidelity did view and vacate the following parts of said mentioned road in consequence of two steep hills and swamp on said road viz: Beginning at a point of Ebensburg and Susquehanna plank road near the residence of Andrew Strittmatter in Carroll Township thence by said road North eighty-six degrees West forty-four perches in said road thence North twenty-five and one half degrees West twelve perches thence by same North sixty-five and one half degrees West four perches thence by same North eighty-six degrees West eighteen perches to painters. And supply the same as follows for a public road or highway. Beginning at painters on road leading from Andrew Strittmatter's to Indiana County thence through improved land of William Luther South five degrees East forty-four perches to a point on Ebensburg and Susquehanna plank road near home of William Luther in Carroll Township which in our opinion for the safety of public travel is necessary to accommodate the public as the parts vacated are dangerous and burthensome to public. And we further assess and award a damage of Eighty-eight Dollars to William Luther only to be paid when road is opened width designated by order of said Court. At a Court of General Quarter Sessions of the Peace held at Camden, New Jersey for the said County, on the Thirtieth day of November A.D. 1883, before the Honorable Judges of said Court the petition of Vincent P. Sauter was presented setting forth that he labors under great inconvenience for want of a road to lead from a point at or near McLays Run bridge on the road from Corlotts to Cresson, and to end at a point on line of land of petitioner in Washington Township and therefore praying the Court to appoint proper persons to view and lay out the same according to law. The Court upon due consideration had of the premises appointed Henry Scaulan, John Bruce and Thomas L. Parrish to view the ground proposed for said road who report as follows: "We the undersigned viewers do report that having given due and legal notice of the time and place of the meeting of viewers by three written and printed notices posted in public places adjacent to said view. And we do further report that having met at time and place designated by said notices and after all being first sworn according to law to perform the duties of our said appointment, did view mark and lay out the following for a private road viz: Beginning at a post on Corlotts and Cresson plank road near McLays run bridge on land of heirs of Samuel Lemon thence South thirty-nine and one-half degrees East forty-one perches post thence South eighty degrees East thirty-two perches post thence South sixty-two degrees East fifteen perches post thence South forty-four degrees East thirty-six perches post, thence South seventy degrees East nineteen perches post thence South sixty-eight degrees East thirty-five perches post thence South twenty degrees East thirty-eight perches post thence South seven degrees West fifteen perches post on line of Vincent P. Sauter all of said road being in Washington Township and in our opinion is necessary for a private road. And we do hereby assess and report a damage of five dollars to the unimproved land of heirs of Samuel Lemon all of which is respectfully submitted. Witness our hands this 27th day of December 1883."

To the Honorable the Judges of the Court of Quarter Sessions of Cambria County. We the undersigned viewers appointed by the Court of Quarter Sessions of Cambria County to assess damages and award contributions by reason of opening and adopting Rail-road alley in the seventh Ward of Johnston Borough; in pursuance with the annexed order of said Court, do report that having given due and legal notice, in writing, to all the property holders interested therein, a copy of which notice is hereto appended and marked "Exhibit A"; and after being duly sworn and affirmed to perform our duties under the Act of General Assembly incorporating Boroughs, and the several supplements thereto, with impartiality and fidelity, did on Friday Feb'y 15. A.D. 1884, at 2 o'clock P.M. proceed to view the premises described in said order of Court, and found that the opening and adopting of said rail-road alley in the seventh Ward of said Borough as described in said order caused no damage whatever to any or either of the property owners along and adjoining the lines thereof, and therefore find it unnecessary to assess damages or award contributions for advantages or disadvantages by reason of the opening and adopting of said rail-road alley by the said Borough. A plat or draft of the aforesaid premises, is herewith attached marked "Exhibit B" and made part of this report. All of which is respectfully submitted. Report of Viewers.

To the Honorable the Judges of the Court of Cambria County.

We the viewers appointed by the Court of Quarter Sessions on the seventh day of May 1884 to view the site for a bridge in the Borough of Wilmore where the Conemaugh River crosses the public road known as Main St. of said Borough after being duly sworn and qualified according to law on the twenty-six day of May 1884, viewed said bridge and herein report: That the maintaining of a substantial bridge at the point named is absolutely necessary for the accommodation of the public; that the piers upon which the bridge rests are in such a dilapidated condition as to be entirely unfit to sustain the weight of the bridge and the loads crossing it, and incapable of long resisting the action of the current of the river or the force of the ice-gorges, which during the freshets of the winter and spring are frequently jammed against them; and that the piers are hereby specifically and absolutely condemned. We find the bridge which was erected on the above mentioned piers by the Borough of Wilmore during the latter part of 1883, to supply the place of one erected on the same site, we believe with the aid of the County about the beginning of the year 1867, and which suddenly became dangerous for travel by teams and vehicles during the winter or spring of 1883, to be a substantial structure, built under the supervision of a good mechanic of timber said to be Florida pine strengthened by heavy iron truss-roads, and complete except as to painting. It is alleged by citizens of Wilmore that the urgency of the case demanding the immediate construction of a bridge, the Council of the town in view of the necessary delay consequent on petitioning Court and securing the assistance of the County decided to erect the bridge immediately and afterwards apply for an appropriation from the County and to that end borrowed money to buy material, the entire amount of which, and costs of construction as reported to us by the Street Commissioner, is about four hundred and ninety dollars. We have estimated the costs of tearing down and rebuilding the piers and painting the frame work of the bridge at three hundred dollars, a sum which of itself we think unreasonable and inequitable for the people of Wilmore to bear considering the fact that thru this bridge by reason of its central location, situated as it is on one of the principal thoroughfares leading from the Southern portions to the northern districts of the County, there are few in any bridge in the County more generally used by the people thereof. In view of this fact and the further consideration that the tax payers of Wilmore will be obliged to keep the road of the bridge in proper condition, we think that it would not be unreasonable for the County to appropriate six hundred dollars as its quota of the expenses already incurred and the amount named to complete the work yet to be done. Respectfully submitted

To the Honorable, the Judges of the Court of Quarter Sessions of Cantonica County
We the undersigned, appointed by the annexed order as report, that we gave due
and timely notice by written advertisements, posted in public and conveni-
ent places in Jackson Township of time and place of meeting of viewers, and
having met at the time and place designated by said notices, and having all
been affirmed according to law, proceeded to view the ground proposed for said
road and do all agree that, there is occasion as desired by your petitioners
and that the same is necessary for a public road and having had respect to
the shortest distance and best ground for said road, we proceeded and laid
out in such manner as shall do the least injury to private property and as
far as practicable agreeably to the desire of the petitioners, and do report for pub-
lic use the following described road to wit: Beginning at a point on the public
road leading from A. S. Rathbones to Fairview near the residence of William
Gillin in Jackson Township, running North 64 degrees, West 30 perches along the line
dividing the farms of William Gillin and Arthur Devlin to a private road, run-
ning through the farms of Samuel Leidy and Edward Burkhardt - (He continued
on said private road to the end of our survey) Thence North 27 West along said
private road 56 perches, Thence North 20 West 14 perches, thence N. 14 West 30 perches,
North 72 West 10 perches. Thence North 41 West 93 1/2 perches. Thence North 48 West 83 perches
to the road leading from Martin Monday to Fairview near the residence of Edward
Burkhardt. The undersigned further report, that they endeavored to procure from
the owners of land over which said road passes, releases in writing of all
claims to damages that may arise from opening the same, and that they
procured such releases from Samuel Leidy, William Gillin, Mary Gillin and
Edward Burkhardt but failed to procure a full release from Arthur Devlin, but
the said Arthur Devlin agreed to give 10 feet of land on his side of the line for
the use of the road and require no damages for said 10 feet. And we annex a
plat or draft of said road laid out with the courses and distance and
making the improvements, through which the same passes, and herewith return
said releases and copy of notice. Witness our hands this 27 day of Aug. 1884.

Report of Univer.

To the Honorable R. L. Johnston Esquire, President Judge and John Flanagan Joseph Mastera Esquires his associates Judges now comprising a Court of Quarter Sessions and for the Peace for Cambria County at December Term A.D. 1884. We the undersigned receivers appointed by said Court do report that we gave due and timely notice of the time and place of view by three printed and written notices posted in three public places adjacent to road mentioned in said order of view a copy of said notices is herewith annexed. And we do further report that having met at time and place designated by said notices and after all being first sworn according to law to perform the duties of our appointment with fidelity we proceeded to the duties of our appointment and did view mark and lay out the following for a public road or highway viz: Beginning at a point on road leading from Eskerodes Mill to Strasburgine North of Bridge on land of Roselia Litzinger thence through land of said Roselia Litzinger North seventy-nine degrees East thirty-four perches point near residence of Roselia Litzinger thence South sixty-nine degrees East nineteen perches thence South Sixty degrees East forty seven perches to line of land of Roselia Litzinger and James Mulligan thence through land of James Mulligan South twenty-five and one half degrees thirty-four perches to line of land of said Mulligan and heirs of Patrick Risban thence by said line of land South eighty-six degrees East thirty perches thence through unimproved land of James Mulligan North sixty-three degrees East fifty-two perches to line of land of James Mulligan and Peter Delozier thence through unimproved land of Peter Delozier North sixty seven degrees East, sixty-four perches thence by same North sixty-one and one half degrees East twenty-six perches thence by same land North fifty-seven and one half degrees East twenty-four perches thence by same land North seventy-one degrees East eight perches to improved land of Peter Delozier thence through said improved land North eighty-five degrees East thirty-six perches to line of land of Peter Delozier and Simon P. Tool; thence by said line of land and private road North forty-six degrees East one hundred and thirty-two perches to public road leading from Glenn Cornell to Adams old tanyard at a point of land of Simon P. Tool and Connor Reily all of said viewed road being in Clearfield Township, Cambria County said road as viewed being in our opinion highly necessary to accommodate the traveling public in said vicinity. And we as further report assess a damage of thirty-three dollars to Roselia Litzinger also we assess and award a damage to Peter Delozier of eighteen dollars also herewith annexed is a release of James Mulligan and in our opinion where said viewed road is on line of land not improved no damage should be allowed all of which is respectfully submitted. Report of Viewers.

To the Hon. the Judges of the Court of Quarter Sessions of the Peace within and for the County of Cambria. We, the undersigned persons appointed by the Hon. Court in the foregoing order to view and if found necessary and expedient lay out the road therein described having attended to that duty respectively, Report: All were present at the view and all were first severally sworn as the law directs. The route is of easy grade and easily made. The length of the route is three rods over two and three-fourth miles. About one third of it is through improvements mostly on both sides. The rest of the distance is through woods. There are two sets of occupied buildings - one directly on the route and the other not very far away having no open communication with any public road. This route greatly shortens the distance between the termini as now traveled and avoids objectionable hills. Besides a seeming necessity to those now living on the route and near to, it must be a convenience to many others living farther away. We surveyed the route and append a plot or draft of the same to this report. Beginning at a white oak tree at the side of the road leading from Fallen Timber Bridge to Trugality near the Powell saw mill and running East 6° South one hundred and six rods to a white oak, thence North 57° East, thirty-four rods; thence North 50° East seventeen rods; thence North 45° East thirteen rods; thence North 43° East forty-two rods; thence North 37° East ten rods; thence North 39° East, twelve rods; thence North 66° East ten rods; thence North 64° East six rods; thence North 62° East thirteen rods; thence North 59° East thirteen rods; thence North 75° East seven rods; thence North 86° East nine rods; thence North 72° East fourteen rods; thence North 73° East, nine rods; thence North 78° East, eight rods; thence North 71° East, eight rods; North 68° East nine rods; thence North 67° East seven rods; thence North 64° East, ten rods; thence North 68° East, ten rods; thence North 73° East nine rods; thence North 78° East, eight rods; thence East 18° South six rods; thence East 24° South eight rods; thence East 24° South nine rods; thence East 29° South nineteen rods; thence East 11° South 12 rods; thence East 9° South eight rods; thence North 75° East ten rods; thence North 55° East eleven rods; thence North 51° East nine rods; thence North 42° East seven rods; thence North 36° East, twelve rods; thence North 43° East, ten rods; thence North 37° East, eleven rods; thence North 37° East eleven rods; thence North 37° East, eleven rods; thence North 41° East, fourteen rods; thence North 63° East, nine rods; thence North 85° East eleven rods; thence North 57° East, twelve rods; thence North 69° East seven rods; thence North 79° East twelve rods; thence East, 3° South, twelve rods; thence North 76° East seven rods; thence North 63° East seven rods; thence North 79° East six rods; thence North 88° East nine rods; thence North 78° East nine rods; thence East 7° South, fourteen rods; thence East 5° South nine rods; thence North 85° East seven rods; thence North 79° East, ten rods; thence North 76° East, six rods; thence North 74° East, seven rods; thence North 71° East, four rods; thence North 42° East, thirty-three rods; thence North 47° East, nine rods; thence North 42° East ten rods; thence North 65° East eight rods; thence North 65° East, twenty-one rods; thence North 73° East thirteen rods; to a hemlock at the side of Hallen and Mainstairdale road near the end of Apples private road. And this route, so viewed, so surveyed and so laid out we deem necessary for a public road and therefore return it for public use. As to the Powell farm to the owner thereof, the sum of one hundred dollars. To the owners of the other lands through which the line passes, believing they will be much benefited by opening the road we award no damages. Respectfully submitted. Nov. 15, 1884.

 after being duly sworn, in accordance with the appended copy - did go upon
 the ground and viewed the whole premises and have agreed that there is
 no occasion or public necessity to vacate and supply that part of the road
 as designated by your order, for the following reasons: That part of the road
 which would be vacated, if supplied, is at present located on good ground
 has a light grade and very direct and convenient to the general public. If
 vacated a portion of the supplied part would have a heavy grade and
 pass through seven or eight lots, cause considerable damage to private prop-
 erty, and when opened would not be any more direct or convenient
 for the general public than the road as at present located. View made.

Clerk Shoemaker vs. H. 25

Report of Viewers.

As the viewers appointed by your Honors in the annexed order, to view a
 site for a bridge over the Conemaugh River in Croyle Township where the
 public road leading from South Fork to Summerville crosses said river,
 having been duly sworn and legal notice of the time & place of meeting
 having been given, we met according to appointment and proceeded to perform
 the duties by going upon the premises, viewed the site for proposed bridge and
 believe the same to be necessary for the accommodation of the public. And further
 believe it would be too expensive for said Township to bear the expense of its
 erection and that the prayer of the petitioners be granted. Witness our hands
 this 21st day of May A.D. 1885.

We the undersigned Wm. M. Schrock, Edgar Kyle and Augustus Heffley appointed by the within order of Court to meet in conjunction with three persons to be appointed by the Court of Quarter Sessions of Cambria County, Penna. to act as viewers to view the bridge and the site proposed for a bridge, over Stony Creek on the line between Somerset and Cambria Counties at the place where the public highway leading from Davisville in Conemaugh Township, Somerset County, Penna. to Lewisburg in Richland Township, Cambria County Pa. crosses said stream near Knigs mill in Conemaugh Township, and inquire whether the same is necessary. Respectfully report: That the viewers of both Counties met on the premises on August 20th 1885, all were present and sworn or affirmed according to law. The viewers after making a careful examination of the superstructure, now standing are unanimously of the opinion that it is unsafe and dangerous for heavy traffic to pass over and therefore condemn the same and recommend the erection of a new bridge on the old or present site at an early day. The viewers would recommend the propriety of erecting an iron superstructure in one span. See drafts hereto attached: All of which is respectfully submitted Aug. 24. 1885.

Report of Re-viewers.

We the undersigned persons appointed by the within order of Court to review the road therein mentioned respectfully report that having given due notice to land owners along said road we met at the view of the same and having all there first duly sworn did view the said road. The courses and distances of which we found as follows: Beginning at a point in the public road near John G. Bearers old saw mill, thence on newly cleared land of Daniel Gray Smith 62½ degrees west 24 rods South 80 degrees East 13 rods South 31 degrees East 14 rods South 50 degrees East 28 rods Thence on fields of Thomas Peisch South 35 degrees East 22 rods, South 19½ degrees East 10 rods South 7 degrees East 47 rods, Thence on uninclosed and cleared land of Richard Boyle South 36½ degrees East 65 rods, South 20½ degrees East 32 rods, Thence on fields of Joseph Lemier South 10 degrees West 50 rods South 5 degrees West 50 rods, Thence on field of Michael Kirisch South 31 degrees 10 rods South 34 degrees West 34 rods South 8 degrees East to a point in the public road near the farm of said Michael Kirisch as shown by the annexed draft. On account of the very small number of citizens that can be accommodated by the aforesaid road we are of the opinion that the same is unnecessary for a public road. At the same time we believe that part of said road beginning near the dwelling of Richard Boyle and running thence to the public road near M. Kirisch's farm (as shown by red lines on draft) is necessary for a private road. And further we consider that part of said road shown on draft by black lines beginning from the point near J. G. Bearers old saw mill to a point near Richard Boyles dwelling as being injurious to private property & useless as a public or private road. Witness our hands this 5 day of March 1886.

Paul Gahner, Benjamin Wirtner & Peter Huber — Viewers.

Additional Report:— And now August 26. 1886. In compliance with the reference by the Court we respectfully report:— That as far as the said private road runs through land of Michael Kirisch the road here is to be graded and kept in repair, and fenced on the Western side by the petitioners using the same, and the fence on the Eastern side thereof to be built and both fences to be kept up by Michael Kirisch his heirs and assigns. That part of the road being on land of petitioners can be made by them to suit their own convenience.

we proceeded to view the ground proposed for said road; we have concluded
and agreed that a public road laid out on said ground would be injurious
to private property and attended with too much expense as the land is very
valuable on said route, and do report no road. Witness our hands and seals

ent at the view of the ground proposed for such road and having all been first
sworn in pursuance of the said order we have viewed and laid out and do return
for public use the following road: Beginning at a point on the road leading from
St. Boniface to Carralltown near the hotel of F. L. Ott thence by old road North eighty
eight degrees East, twenty-four rods to a point near a small white oak, from this point
we vacate all that part of the old road not vacated by former viewers and also that
part supplied by them to a point in the road near the residence of Jacob Thomas on
account of heavy grades and rocky ground over which it passes. We supply the same
by the following: From the said point near the small white oak through field of Ja-
cob Gust South thirty-six degrees East twenty-six rods South fifty degrees East ten
rods thence through field of Jacob Reiminger South eighty-nine degrees East thirty
eight rods, thence through unimproved land of same North forty-six degrees East fifteen

East seven rods South seventy-three degrees East ten rods North fifty degrees East
twelve rods, North fifty-six degrees East twenty-two rods North sixty-seven degrees East
six rods, North forty-six and one half degrees East nine rods North sixty-five degrees East
eighteen rods, South seventy-nine degrees East sixteen rods, thence through unimproved land
of Jacob Thomas South sixty-three and one half degrees East twenty-two rods North seventy
five degrees East ten rods South eighty-six and one half degrees East six rods, thence
through improved land of same South fifty-eight degrees East fifteen rods and South
fifty degrees East eighteen rods to a point in the old road near the dwelling house of
Jacob Thomas, thence by said road South two degrees West fifteen rods South ten de-
grees West twelve rods and South eight degrees East ten rods to the bridge crossing
Chest Creek a plat or draft whereof is hereto annexed, which said road as aforesaid
supplied is of uniform grade throughout and therefore the highest grade possible between
those points which it connects and we are of the opinion that the same is necessary
for a public road. We further report that having asked the land holders along said
route for their release from damage which the road may cause to them and
all having refused to release the same, we have after due consideration assessed
damages as follows To Jacob Gust forty-five Dollars, To Jacob Reiminger Fifty
Dollars, To Jacob Thomas Fifteen Dollars. Witness our hands this 16th day of Novem-

Report of Viewers

To the Honorable the Judges of the Court of Quarter Sessions of Cambria County
 Penna. We the undersigned having been appointed by your Honors at the
 December Sess, 1885 the viewers to view - and if found necessary to lay
 out a private road to lead from the ice house of Charles H. Supper on his
 land in Upper Gaden Township to the Johnstown and Ligonier Turnpike at
 the house of John Sell in the Borough of Grubbtown, would respectfully
 submit the following report. After notifying all parties that might be con-
 cerned by two written notices of day appointed for view posted for twelve
 days along the premises. And after being duly sworn, and after one adjourned
 meeting went on the premises, the 23rd day of February 1886, the day adjourned
 to and made the view. And laid out a road twenty (20) feet wide as follows
 center line: Beginning at the ice house of Charles H. Supper, thence through lands
 of Conrad Supper S. 88° 17' W. 290 feet to a point on the beach - left bank of the
 Stony Creek. Thence along said beach and bank N. 64° 48' W. 668 feet S 58°
 05' W. 505 feet N. 41° 37' W. (passing under S. & C. R. R. Bridge) 459 feet to the South
 end of a twenty (20) foot alley in the Borough of Grubbtown. Thence by said
 alley N. 87° 45' W. 220 feet to the Johnstown and Ligonier Turnpike at the house of
 John Sell in said Borough. We believe this road is necessary for use of
 Charles H. Supper and that the building of, and maintaining the same, will
 not cause any damage or injury to any property holder, through which
 or along whose lands it would pass. A draft showing center line of road
 as marked on the ground by us is herewith attached. All of which is re-
 spectfully submitted

 the width of Water Street in the Borough of Johnston in pursuance of the annexed
 order of said Court, do report that after being duly sworn and affirmed according
 to law to perform our duties under the Act of General assembly to incorporate
 Boroughs, and its supplements, with impartiality and fidelity did after having
 given all the property owners along and adjoining the lines of said street as per
 notice annexed hereto marked "Exhibit A" and made part of this report proceed
 on Wednesday the 17th day of February A.D. 1886, at 10 o'clock A.M. to view the prem-
 ises described in said order of Court and found that the fixing of the width
 of said street did not take any part or portion of the lots of ground along and
 adjoining the lines of said street all of which said lots of ground are more partic-
 ularly described on a plot or map of said street which is hereto annexed marked
 "Exhibit B" and made part of this report; and having regard for both the ad-
 vantages and disadvantages caused the several properties along the lines of
 and adjoining said Water Street do find that none of said properties have
 sustained any damage over and above the advantages caused by fixing
 the width of said Water Street and therefore do not assess and allow the
 owners or reputed owners thereof any damages whatever. And the said
 viewers further report that none of the properties along the lines of and ad-
 joining said Water Street have been benefited over and above all disadvan-

We the subscribers the persons appointed by said Court to view vacate and supply of road leading from Indiana County line to the Old Aqueduct on the Penna; Canal in West Taylor Township in the County of Cambria by being changed so as to begin near the bridge on Laurel run near Stumbaugh and end at same point as above mentioned road on Indiana County line Report that public notice having been given by written advertisements of the time and place of when they would meet for the purpose of discharging their duties according to law and that having been first severally first sworn or affirmed in the manner and form prescribed by said order. That all of said viewers to wit: S. H. Miller, William Galbreath and William Rippel met at the time and place advertised and having viewed the ground proposed for said change, and also viewed the part of the old road to be changed and vacated. After due consideration had, all of us concurring and agreeing that the proposed change beginning at near Stumbaugh would not make as good a road as the present road now is, the general grade would be heavier and be very costly to make and no person benefitted by the change Therefore we are of the opinion that there is no occasion to make the change proposed in said order. We the undersigned viewers appointed by your Honor in the annexed order to view
 vacate and supply a road from the bridge at or near Bernard Biglow to intersect the public
 road leading from the old school house on the public road to Comrade Mill in Washing-
 ton Township do report that legal notice of the time and place of meeting having been given
 we met according to appointment and first having been sworn according to law we
 viewed the road proposed to be vacated starting at a point on Township road leading from
 the old school house to the public road leading to Comrade mill as designated in the
 order. First running S. $16^{\circ}34'$ E. 18 ps, thence S. $46^{\circ}12'$ E. 27 ps, thence S. $55^{\circ}12'$ E. $9^{\circ}34'$ ps,
 thence N. $15^{\circ}12'$ E. ps, thence S. $81^{\circ}12'$ E. $7^{\circ}12'$ ps thence S. $84^{\circ}12'$ E. 25 ps, thence N. 75° E. $39^{\circ}12'$ ps,
 thence N. $83^{\circ}12'$ E. 8 ps, thence N. $53^{\circ}12'$ E. 12 ps thence N. 75° E. $12^{\circ}14'$ ps, thence N. 34° E. 3 ps to a point
 on road leading to Biglow's Bridge. Finding this road very steep hills & doing great
 damage to private property - we viewed the ground to supply, starting at same point on
 Township - leading from the old school house to the public road to Comrade mill and
 running S. $28^{\circ}12'$ N. on line between James Bradley and Powell George, thence N. 78°
 N. 105 ps on line between Jas. Bradley on one side and M. Litzinger and James
 Penn on the - and also on line between Jas. Debe on one side and James Penn on the
 other (see draft) thence N. $68^{\circ}14'$ N. 46 ps on unimproved land of M. Debe to a point on
 road leading from Biglow's. Finding this ground to be of less grade and the greater
 part on the division line between properties and doing no damage to private property
 besides affording an outlet to several families living on the West side of said road
 that cross any way on public outlet. We therefore recommend the opening of this road as a
 public road as we have laid it out and the opening of that portion described in this
 report. We asked for releases but did not get any parties to release. Witness our hands

Report of Viewers.

We, the undersigned, appointed by the annexed order for the purposes therein named
 do report, that in pursuance thereof, Augustine M'Connell, Vincent M' Dermitt &
 John B. Eagan all of the viewers in said order mentioned having been first
 duly sworn, we have viewed the place where the road in said order mention-
 ed is requested, and the undersigned, do agree that such road is necessary
 and having had respect to the shortest distance and the best ground for said
 road have laid out, in such manner as shall do the least injury to pri-
 vate property and as far as practicable agreeably to the prayer of the petition
 the following described private road to wit: Beginning at the dwelling
 house of Wilhelmina Pfister thence through land of Trossen Spring Company
 North twenty-three West forty perches to a post thence North three West ten
 perches to a post thence South twenty (S. 20 E.) East twenty eight perches to
 a post near Perryman's Rail Road where house thence on road to said
 house thence South ten degrees West eight perches, thence South twelve East
 two perches, thence South thirty West forty perches to Turn Pike making One
 hundred and twenty eight perches. We have found no damage to any
 party, and also annex and return herewith to the Court a plat or draft
 thereof showing the course and distances and notifying briefly the improve-
 ments through which it passes. Witness our hands the 24, day of July 1887.

Report of Reviewers.

We the undersigned re-viewers appointed by your Honor in the annexed order to re-view a road laid out on the 28th day of May 1887. to lead from a road at Michael Sheehans in White Township to a saw mill at Gerald Adams in Clearfield Township do report: that due notice of the time and place of meeting having been given we met according to appointment and first having been sworn we reviewed the road as laid out starting at a post along side of Township road near residence of Michael Sheehans ran South 63° N. 90 ps. thence S. 40½° N. 46 ps. thence S. 46¾° N. 15 ps. thence S. 48½° N. seventy and one half perches, thence S. 42½° East 114 ps. thence S. 38½° West 33 ps to a point on public road near saw mill of Gerald Adams, the said road in our opinion being laid out on very unprofitable ground and doing great damage to private property. We further believe there is not the least necessity for a public road at this place as there is a public road running nearly parallel with the proposed road within half a mile distance on the North side and one within a mile on the South side. We therefore recommend the vacating of the said road as laid out. Witness our hands this 18th day of August A.D. 1887.

We, the undersigned, viewers appointed by your Honor in the annexed order to view and lay out a road in Blacklick Township from a point on land of Mrs Mary Davis to a point on line between David E. Rawland and Mrs Alice Wagner also to vacate a road from Blacklick Creek to a point on land of Mrs Mary Davis. do report that due notice of the time and place of meeting having been given by notices posted up in said Township. We met accordingly to appointment, and after having been sworn, proceeded to view the ground for the proposed road, starting at a point on Township road near line of D. E. Rawland & Alice Wagner, S. $13\frac{1}{2}^{\circ}$ W. 26 ps. thence S. $8\frac{1}{2}^{\circ}$ E. 5 ps. thence S. 32° W. 20 ps. thence S. 57° W. 12 ps on unimproved land of Alice Wagner, thence S. $59\frac{3}{4}^{\circ}$ W. 18 ps. thence S. $73\frac{1}{4}^{\circ}$ W. 13 ps. thence S. 58° W. 11 ps. thence S. 32° W. $9\frac{1}{2}$ ps. thence S. 9° W. $10\frac{1}{2}$ ps. thence S. $19\frac{1}{2}^{\circ}$ W. 11 ps. on unimproved land of Mrs Mary Davis, thence S. $23\frac{3}{4}^{\circ}$ E. 9 ps. thence S. $25\frac{1}{4}^{\circ}$ E. 15 ps. thence S. 47° E. $22\frac{3}{4}$ ps. thence S. $57\frac{1}{2}^{\circ}$ E. 12 ps. thence S. $55\frac{1}{2}^{\circ}$ E. 36 ps to Township road. We then started at Blacklick Creek on road proposed to be vacated and ran the following courses & distances - S. 85° E. $12\frac{1}{2}$ ps. thence S. 40° E. 12 ps. thence S. $5\frac{1}{4}^{\circ}$ E. $10\frac{1}{2}$ ps. thence S. 21° E. 16 ps. thence S. 50° E. 13 ps. thence S. 48° E. $21\frac{1}{2}$ ps. thence S. $46\frac{1}{2}^{\circ}$ E. 12 ps. thence S. $79\frac{1}{2}^{\circ}$ E. 22 ps. thence East $13\frac{1}{2}$ ps. thence S. $80\frac{1}{4}^{\circ}$ E. 15 ps. thence S. 66° E. $13\frac{1}{2}$ ps. thence S. $73\frac{1}{2}^{\circ}$ E. $25\frac{1}{2}$ ps. thence S. 68° E. 18 ps. thence N. 50° E. 28 ps. thence N. $80\frac{1}{2}^{\circ}$ E. 57 ps. to a point on Township road on land of Mrs Mary Davis. Believing the proposed road as we viewed laid out and marked to be necessary and of great convenience to the inhabitants of Blacklick Township we recommend the opening up of said road as a public road for public use. And that portion of road proposed to be vacated we believe is also necessary and convenient to the traveling public so we recommend not vacating it. We assess no damages. Report of Re-viewers.

We the undersigned persons appointed by the within order of Court to re-view the road then in mentioned respectfully report: That having been present at the view of said road and having all been first duly sworn in pursuance of the said order we have viewed the said road the courses and distances of which are shown by a draft accompanying this report. We believe that, that part of said road running East from the public road leading to St Lawrence and thence from the point where it crosses the said public road to and along the West bank of Beaver dam creek is useless, unnecessary and burdensome and therefore ought to be vacated. We are of the opinion that the remainder of the said road running from a point near the Beaver Valley School House in the above mentioned public road and thence to the public road near the residence of Christopher Ingle has not become unnecessary for a public road and therefore ought not to be vacated. We the persons appointed by the within Order of Court viz: Wm. M. R. R. thence north forty-three degrees west eleven perches on this we find Mrs Sarah Hare has fenced out on the road and also a part of her Stable and bake oven shed: thence north twenty degrees West eight perches, on this line the said Mrs Sarah Hare has also her fence in the road it being at one point only nineteen feet wide: The next point viewed at Henry Seittermayer's place we found that his fence was set on what should be the road, then at H. M. Pringles Estate now Thos Griffith the road should be widened. Also where it passes through Philip M. Calles Farm a part of it is not over twenty feet wide a draft of the road as it is used at present is annexed and the parts that are too narrow designated. The undersigned viewers appointed by said Court do report that we gave and did send legal notice of time and place of view of road mentioned in order of said Court hereto, by three written notices posted in three public places adjacent to said road of this ^{County} place of meeting of viewers, and we do further report that having met at time and place designated by said notices and after all being first sworn according to law we proceeded to the duties of our appointment and did view and vacate the following parts of said mentioned in order of Court. In our opinion the grade of - being six seven and eight degrees of elevation viz Beginning at a point in old road on line of land of Jacob Huber & Michael Karlheim thence by said old road, north eighty-one and one half degree East twenty-six perches by same South fifty-three degree East twenty-two perches by same South eighty and one half degree East twenty perches by same South eighty-three degree East thirty perches by same South forty-six degree East twelve perches by same South fifteen and one half degree East twenty-six perches thence South twenty perches by same South thirty-four degree East twenty-six perches by same South fifty degrees East twenty perches to point in old road near residence of Henry Eckenrode all of said road being in Carroll Township which said parts of said road in our opinion should be vacated on account of the several steep hills and being dangerous to the public travel. And we did view, mark and lay out the following as a supplid part of said road not exceeding four degree elevation. Beginning at a point in old road near residence of Henry Eckenrode in Carroll Township, thence through improved land of Henry Eckenrode north forty-five degrees West twenty-one perches by same North-thirty-six degree West ten perches by land North twenty degree West eleven perches point in old road by same North fifty-seven degrees West twelve perches to point on line of land of Chas. We the subscribers persons appointed by the Court to vacate and supply a road in Blacklick Township do respectfully report, that after giving due and legal notice of the time and place of meeting, We met at said place on the 16 day of August 1887. Having all been sworn or affirmed proceeded to view the road to be vacated and the ground for a supply and our judgment believe your petitioners and neighborhood are laboring under great disadvantages for the want of the proposed change in the road. We laid out for a public road viz = Beginning at said White Oak tree near line of the land Elizabeth Rees and Isaac Mahan on road leading from Johnstown road to Beulah Bridge running N. 85 E. 16 perches, thence South 72 E. 26 perches to maple tree thence South 69 E. 23 perches, thence S. 66 E. 17 perches, thence North 81 E. 11 perches to a point on the Beulah and Bethel road near to Chestnut tree standing by bars on Elizabeth Rees's land and do recommend the same to be opened for public use. Find annexed a draft of the above described road. Also, vacated a corresponding portion of the road leading from the Johnstown road to Beulah Bridge. Beginning at or near said White Oak tree running South 12 E. 20 perches, thence South 9 E. 11 perches to large rock, thence South 86 E. 75 perches to a point on the road leading from Beulah to Bethel on Celay Pike We annex a plot or map of road to be vacated. Believing this said portion of the road to be of no practical use to your petitioners or neighborhood do recommend that it be vacated as a public road. We further report that the road laid out for a supply runs through Elizabeth Rees's land and failed to procure a release from damages or assessed damages for the said Elizabeth Rees to the amount of Eight dollars

We the subscribers persons appointed by the Court to view the place proposed for the Bridge
 in the within order mentioned respectfully report that we were all present at the
 view of the place proposed for the Bridge within mentioned and having all been first
 severally sworn or affirmed in pursuance of said order we have viewed the premises
 aforesaid and are of the opinion that a bridge is necessary over Clearfield Creek at the
 place where the public road known as the road leading from Ebenezer road to Ab-
 bona crosses said Creek at Fregeleby Ford, and that the erecting of such a bridge
 would be attended with more expense than it is reasonable the said Townships
 of White and Reade should bear. And we also further report to the Court: That
 after proper examination we are of the opinion that a change or variation in the
 bed and route of the road would be an improvement and a saving of expense
 in the erection of the aforesaid bridge and therefore report that the route of said
 road should be changed so as to cross the creek twenty feet further down

private road North seventy-three and one fourth degrees East eight and a half perches thence by
same, South eighty-five and three fourth degrees East forty two and four tenth perches, thence
along private road through land of Samuel Mindland North eighty-three and three fourth degrees
East, One hundred and fourteen and eighteenth perches to post; thence through field of Herman Meanes
South forty-one and a half degrees East fifteen and nineteenth perches to a post North seventy-
two and a half degrees East, six and nineteenth perches to a post, thence North forty-four
and a half degrees East forty-five and nine-tenth perches to a post in private road, thence along
said road North seventy-two and a half degrees East thirty-one perches to the Johnstown & Scalp Level Turnpike near Meanes
Church. And the said viewers further report that they endeavored to obtain releases from the persons through whose lands the said
road passes and that John H. Blough, Herman Meanes and Samuel Mindland have released all damages occurring to
them from this release accompanying this report. And they further report that they have considered and assessed
the damages to the other persons through whose lands the said road passes (Partly over private roads and partly over a
public road formerly laid out and used by the public) and find and report that the heirs of Samuel Blough
did, John Meft, Jacob Halsopple, and foreman Shaffer have great damages by the opening of said

Report of Viewers.

We the undersigned viewers appointed by the Court of Quarter Sessions of Lumbria County to assess damages and award contributions by reason of opening and fixing the width of Brown Alley in the Fourth Ward of the Borough of Johnston in pursuance of the aforesaid order of said Court do report that after having given due notice of the time and place of our meeting a copy of which said notice is hereto annexed and made part of this report, and after being duly sworn and affirmed according to law to perform our duties under the act of the General Assembly to incorporate Boroughs and its supplements with impartiality and fidelity did proceed to view the premises described in said order of Court and found that the opening and fixing of the width of said alley did not take any part or portion of any of the lots of ground or properties along and adjoining the boundary lines of said alley. And we further report that none of the lots of ground or properties along and adjoining the boundary lines of said alley are damaged by reason of opening and fixing the width of said alley and therefore assess no damages for disadvantages. And the said viewers further report that none of the lots of ground or properties along and adjoining the boundary lines of said alley are benefited over and above the disadvantages by reason of opening and fixing the width of said alley. And therefore neither award nor assess contributions for advantages. All of which lots of ground along and adjoining the boundary lines of said alley are more particularly designated on a plat of said alley which is herewith attached and made part of this report. Witness our hands and seals and dated the Third day of December A.D. One thousand eight hundred and eighty seven.

Ward of the Borough of Johnston a public alley of said Borough of Johnston in pursuance
of the annexed order of Court do report that after having been duly sworn and officiated
according to law to perform our duties under the Act of General Assembly to incorporate
Boroughs, and, its several supplements, with impartiality and fidelity and having given
all the parties in interest notice of the time and place of meeting of said viewers did
proceed to view the premises described in said order of Court and found that the de-
claring of the said Brown Alley as a public alley of the Borough of Johnston does not
damage any of the properties along and adjoining the boundary lines of said alley over
and above the advantages caused by reason of declaring said Brown Alley a public alley
of the Borough, and they therefore do not assess or allow damages to any of the owners of
the properties along and adjoining the boundary lines of said Brown Alley. And we further
report that none of the properties along and adjoining the lines of said alley are benefited
over and above the disadvantages caused by reason of declaring said Brown Alley a pub-
lic alley of the Borough of Johnston; And therefore make no assessments on any of said
properties for advantages. All of which is respectfully submitted. Witness our hands and

road leading from a point near the Church at East End of Caldwell Street to a
point on a road leading from Portage Station to Buck Horn Tavern near South end
of bridge over Trout Run on land of M. F. Hammons, do report, that after giving ten
days notice and being sworn according to law, proceeded to mark and lay out the fol-
lowing road for public use viz: Commencing at a point near church, thence North eighty
five degrees West twenty three and one half perches to a post, thence through lands of J. C. Caldwell,
eighty-seven and a half degrees West ninety-four perches to a post, thence through land of M.
F. Hammons North fifty-nine degrees West twenty-one and one half perches to a post, thence
along line of lands of M. F. Hammons and Ross McLaughlin North seventy six and a half West eighteen
perches to a post, thence through land of M. F. Hammons North eighty-six degrees West, ten
perches to road leading from Portage to Buck Horn Tavern; now we are of opinion that
the road so laid out will be useful to the public and that owners of properties will
suffer no damage by opening of said road.

Report of Viewers.

We the undersigned appointed to view the place proposed for a bridge in place of the
one washed away by the late heavy rain as mentioned in the annexed order, respectfully
report that having all been present at the view of the place proposed for said bridge and all
having been first severally sworn and affirmed we received the premises aforesaid and are of
the opinion that a bridge in place of the one washed away by the late high water over the Black
lick creek at Shumans Red Mill where said creek crosses the public road known as the
Old State Road is necessary and that the erection of such a bridge would be attended with
more expense than it is reasonable the said Township of Blacklick should bear and the viewers
further report that the bridge washed away by the late high water was a County bridge and the
bridge now recommended is to supply the loss of said bridge. The span for the proposed
new bridge will be 65 feet long. In testimony whereof we have hereunto set our
hands and seals this 20 day of Sep. 1888.

Report of Viewers.

The undersigned appointed viewers do report that we gave due and timely notice by three written notices posted in three public places adjacent to river of proposed bridge over Suagehanna River at Gorman's Mills in Suagehanna Township of time and place of view a copy of said notice is herewith attached. And we do further report that having met at time and place designated by said notice viz - When the road from Cherry Tree to Carrolltown crosses the Suagehanna River at Gorman's Mills we viewed the place where the present County bridge is and the ground adjacent and are of the opinion that where the present bridge is located is the best site for a bridge. We are also of the opinion that a bridge at said point is highly necessary to accommodate the public transit and that the burden of erecting said bridge would be more than the Township of Suagehanna is able to bear. View of bridge - beginning at a post on West bank of said river thence north thirty-five and ^{one}/_{half} degree East Eighty-nine feet past on East bank of said river thence to the river feet in height with wing walls up and down the river. So as to strengthen the buttments. The present buttments have been rotted and in a dangerous condition. One of the sleepers of the present bridge being broken in all the present bridge is unsafe and in a dangerous condition. And further we would recommend the new bridge to be constructed of Iron being cheaper & more lasting.

Report of Viewers

The undersigned receivers appointed by your Honor in the annexed order to view, locate and supply portions of a certain road in Clearfield & Clear Township do report that due notice of the time & place of meeting having been given we met accordingly and first having been sworn, we viewed that portion of said road proposed to be vacated. Starting at a point near Ogden's Station in Clear Township, thence N. $11\frac{1}{2}^{\circ}$ E. 97 ft. thence N. 67° E. 470 ft. to Clearfield Creek thence N. 14° W. across said creek 175 ft., thence N. 73° W. 478 ft. thence N. $83\frac{1}{2}^{\circ}$ W. 315 ft. thence N. $40\frac{1}{2}^{\circ}$ W. 420 ft. thence S. 72° W. 550 ft. to a point on land of James Condron in Clearfield Township, and shown on draft by red lines. We then viewed that portion to be supplied, starting at a point on land of James Condron being the terminus of road vacated and thence S. $74\frac{1}{2}^{\circ}$ E. on improved land of Jas. Condron 260 ft. thence S. 35° E. 50 ft. thence S. 36° W. 30 ft. thence S. 41° W. 240 ft. thence S. 27° W. 206 ft. thence on un-improved land of Jas. Condron S. 22° W. 108 ft. thence S. $23\frac{1}{2}^{\circ}$ E. 30 ft. thence S. 72° E. 30 ft. thence N. 55° E. 120 ft. thence N. 62° E. 241 ft. thence N. 61° E. 135 ft. thence N. $68\frac{1}{2}^{\circ}$ E. 140 ft. thence N. 72° E. 188 ft. thence S. 29° E. 250 ft. to creek. Same course 80 ft. across creek, thence S. 50° E. 290 ft. to place of beginning in Clear Township & shown on draft by black lines. Believing that portion supplied to be a much better grade than that vacated, we recommend the opening of it as a public road for public travel and the vacating of present road. We assess the damage to James Condron at Twenty Dollars. Witness our hands this 27th day of Nov. A.D. 1858, J. A. Shaver

Report of Viewers.

We the undersigned viewers appointed by your Honor in the annexed order do report that
legal notice of the time & place of meeting having been given we met according to law first
having been sworn we viewed the site proposed for bridge across the Clearfield Creek at Say-
re. Station on the line between Clearfield and Clear Townships. Believing a bridge to
be a public necessity at this point, it being one of the principle roads leading from the
North Eastern portion of this County to Altoona in Clear Co. and as the expense of erect-
ing a suitable bridge at this point would be too burdensome on the inhabitants of said
Township. We recommend the building of said bridge by the County. The old bridge
having been taken away by the high water and the fording being very dangerous pre-
vents the travel on this road & causing great inconvenience to the public. We view and
handle this 18th day of February A.D. 1889.

We the persons appointed by order of Court to view site for a bridge over the Conemaugh Creek
 at the place where Grant St. crosses said Creek in the Borough of Lilly. Do report after ten
 days notice of time and place of meeting and after having been sworn according to law and
 having viewed the proposed site we found the bridge now in use in a dangerous condition
 and well known to be replaced by a new bridge and as it is a necessity as it is on the road
 leading to Edinburg and Portage and the length of span between the abutments is forty
 eight feet (48). We would recommend that a bridge be built. The use of the present
 that the expense of repairing said bridge would be too burdensome upon the inhabitants
 of said Borough. Witness our hands and seal the 9th day of July 1889.

Report of Viewers.

The undersigned viewers appointed as per annexed order to view the premises and assess the advantages and damages arising from the opening of a certain alley in the first ward of the Borough of Millville, ordained and enacted by the Burgess and Town Council of said Borough, the called Rail Road Alley having been due notice by hand-bills posted on the line of said alley ten days previous to the time of making said view, of the time of meeting, and the viewers having first been duly sworn and affirmed according to law, did, on the First day of February A.D. 1889, meet upon the line of said alley, and having viewed the premises, did award damages to the School District of the Borough of Millville in the sum of Four Hundred Dollars \$400.00 and assess advantages to the Borough of Millville in the sum of Four Hundred Dollars - \$400.00. None of the other property holders or owners on the line of said alley are damaged and none are advantaged. A correct map or plan of the said alley is hereto annexed showing the route of said alley and the names of the owners of the lots or properties abutting thereon. None of the viewers have any interest in the damages or advantages caused or measured in the opening of said alley. All of which is respectfully submitted.

Report of Viewers.

The undersigned appeared per annexed order of Court to view the road therein mentioned & respectfully report: That having given notice as required by law of the time and place of meeting and after being duly and generally sworn & affirmed in pursuance of said order we have viewed the said road and find that the old road is utterly impassable, useless and inconvenient & dangerous and should be vacated. That a new and better road of less grade has been opened by the Pennsylvania Rail Road Company who under their charter rights subverts the old road we therefore have adopted the new road as follows. Beginning at a point on the Johnston and Echemus road, said point having bearing and distance N. 62 1/2 E. 6.26 fathoms from the point where Johnston & Echemus road crosses the Old Pennsylvania Canal. Thence N. 30 E. 2.27 Perches N. 12° W. 7.2 ps. N. 27 1/2 W. 22.7 ps. N. 61 1/2 E. 3.0 ps. S. 35 1/4 E. 26.0 ps. S. 50 1/4 E. 9.3 ps. S. 61 1/4 E. 7.13 ps. S. 66 1/2 E. 4.26 ps. Report of Viewers.

We the undersigned viewers appointed by your Honor on the annexed order to view and lay out a public road to lead from a point on line of land between John Beiter and Dennis O'Donnell on the Wilson Road in Menasha Township to a point at or near residence of John M. Atamany in Washington Township on road leading to Lilly Boro. Do Report: That due notice of the time and place of meeting having been given we met according to appointment and having been sworn, we viewed the ground for proposed road starting at the point designated; thence S. 3° N. on line between J. Beiter & O'Donnell 60 perches to a bush, thence on unimproved land of John Beiter S. 24° E. 57 1/2 perches to a post, thence on line of Ignatius Beiter & Dennis O'Donnell S. 17° E. 27 perches, thence on unimproved land of Ignatius Beiter S. 57 1/2° E. 73 1/2 perches thence on same N. 80° E. 24 perches, thence on line between Ign. Beiter and Henry Friedhoff S. 5° N. 28 1/2 perches, thence on line of Ign. Beiter and Nicholas Friedhoff S. 3° N. 14 1/2 perches, thence through improved land of Nicholas Friedhoff S. 35° E. 43 perches to a post, thence through partly improved land of N. Friedhoff S. 17° E. 22 perches, thence S. 20° E. 25 perches, thence S. 18° E. 30 1/2 perches, thence S. 5° N. 12 perches, thence S. 10° N. 9 1/2 perches, thence S. 18° E. 22 perches, thence through unimproved land of N. Friedhoff S. 11° N. 8 perches, thence S. 9° E. 11 perches, thence S. 25° N. 10 perches, thence S. 46 1/2° E. 12 perches, thence S. 63° E. 9 perches, thence S. 26 1/2° E. 5 1/2 perches, thence N. 66° E. 5 perches, thence N. 21° N. 14 perches, thence N. 80° E. 7 perches, thence N. 47° E. 14 1/4 perches, thence N. 65° E. 5 perches, thence East 9 perches, thence on unimproved land of John M. Atamany S. 22 1/2° E. 25 perches, thence on improved land of J. M. Atamany S. 18° E. 45 perches to a point on road leading to Lilly Borough. Deeming the road as laid out to be necessary and of great convenience to the inhabitants of Menasha & Washington Townships we recommended the opening of said road as a public road for the accommodation of public travel. We assess the following damages, Ignatius Beiter Twenty Dollars, Nicholas Friedhoff Fifty Dollars, Henry Friedhoff Fifty Dollars, John M. Report of Viewers.

We the undersigned viewers appointed by said Court do report that we gave due and
timely notice by three written notices posted in three public places in Township of Callaghan of
time and place of the meeting of viewers &c. And we do further report that having met at time
and place designated in said notices and after first hearing all sworn according to law to
perform the duties of our appointment we proceeded to the duties of our appointment and did
mark view and lay out the following for a public road or highway being in our opinion highly
necessary to accommodate the public travel viz: Beginning at point on main town road
leading from D. J. Delaney to Callaghan near former residence of James Dundon thence
through improved land of James M. M. Lewis North fifty-three and one half degrees
East twenty-six perches front and continuing on said land South forty-four degrees
East twenty-one perches back, thence by same land South fifteen degrees West thirty per-
ches to point thence South thirty-one degrees West twenty perches to Point Pine Street in
village of Delaney in Township of Callaghan, which in our opinion ought to be granted as
the citizens of Delaney have neither public or private outlet to or from said road
in Callaghan Township, this only way of getting outlet into Callaghan Township as said
road now will become a school and a church road. And we do further report that
no damages have been asked when said road passes over improved land, we release
unimproved lands all of which is respectfully submitted, Witness our hands this 22

Report of Viewers

We the undersigned viewers appointed by the Court to view and report upon the propriety of vacating certain portions of two roads in Trugality Reade Township in said County as more particularly hereinafter in the annexed order do report that after being duly sworn we did on the 17th day of August view that portion of the road described in said order all parties interested having been first notified and we are of the opinion that so much of said road as is now being supplied by street dedicated by the Brown and Blairfield Road and Lake Lake public use, should be vacated the portions vacated being now useless in connection and burden. We annex a plat or draft of that part which has become useless and inconvenient and recommend that it be vacated as follows. From a point where the road leading from Ottawa to Haller's crosses the Brown and Blairfield Road to a point in the street in Trugality where said street intersects said Public Road a distance of four hundred and fifty three feet, the same being supplied by a street running parallel with the road to be vacated about 100 yards of the part to be vacated. We recommend the vacation of that part of a Public Road leading from Ottawa to St. Ignace from a point where said road crosses the Brown and Blairfield Road and Lake Lake to the dam Mill a distance of four hundred and fifty feet to the part to be vacated, being supplied by a street dedicated to Public use and nearly parallel with the road to be vacated from said dam Mill to a point where said street intersects the Haller's road near the Boiler Shop. The part to be vacated being in distance seven hundred and fifty feet.

Report of Viewers

We Michael Bracken Frank M. Cary, John J. Troxell Thomas Bradley J. J. McLoary and Henry Seckler do report first that having given due and true notice of the view and place of meeting by three written notices posted in three public places adjacent to view a copy of notice is herewith attached Second we report that having met at time and place designated by said notice and all being first sworn according to law did view mark and lay out the following for a public road or highway viz Beginning at North end of Newbark Street in Borough of Galleguin thence through Lots of Frederick Greenfield and J. P. Lillan South twenty four and one half degrees West one hundred and thirty four feet to Church Street in said Borough of the width of twenty one feet which said road or street is in our opinion is necessary for the accommodation of public travel We also further award a damage of two hundred dollars to Frederick ^{Greenfield} a damage of sixty dollars to J. P. Lillan.

Also further report that we have viewed marked and laid out the following for a public Road or highway in Borough of Galleguin viz Beginning as a path on Church Street thence by line of land of J. P. Lillan and Commonwealth Rail Road South Eighteen degrees West three hundred feet to Tunnel Street and cross the same at forty feet to North end of Bridge cross the Bridge at ninety feet in all at four hundred and thirty feet we connect with Jackson in Borough of Galleguin which in our opinion is necessary for Public travel and safety of persons and property all of which is respectfully submitted We and we do further report that in our opinion that the opening of this thoroughfare and line of land of J. P. Lillan and Commonwealth Rail Road enhances the value of their properties more than it injures the same and therefore award them no damages witness our hands 12th Aug. 1889.
